9 Discuss Notices of Motion for the AGM

1) Proposed by the Secretary and seconded by the Chairman: Rewrite Rule 10(h) to read:

When rearranging a match, the relevant team Captain must first inform the Results Secretary, then contact their opponents to agree on a new match date within 15 days of the original match date (in the case of a penultimate week match within 8 days) and then inform the Results Secretary of the new agreed playing date. However, if the match is the last match of the season, a postponement will not be allowed except for weather/ground conditions or a funeral affecting the team, although in the latter case the match date should be brought forward if at all possible.

If neither team can agree on a new playing date then each captain must put forward three playing dates and each pick one date from the other captain's suggested dates and then play the match on two separate dates using a 3-3 or 4-2 format.

Where a rearranged match has not been played within the 15 (or 8) day time period, the Fixture Secretary will automatically impose a penalty deduction of three points to both teams followed by 1 point per week until the match is played. The deduction(s) will be applied from their accumulated points scored to date.

No points deduction will be incurred where a match has to be rearranged due to:

1) weather/ground conditions, 2) a death or funeral affecting the entire team, 3) one or more team players selected by the County Association to play in a Veteran's Competition or 4) for health and safety reasons approved by the Results Secretary.

A 3 point penalty deduction will be incurred by the team initiating the rearrangement of the match for any other reason (especially shortage of players) or conceding the match (other team to receive 8 points for the walkover). The deduction will be applied by the Results Secretary from their accumulated points scored to date.

Non-conformance of any part of this rule will result in the Executive Committee assessing the individual situation and then additionally penalising one or both teams in accordance with Rule 14.
